(SEE PAGE 64 FOR UNIT 10 MAP)

This unit consists of the Aleutian Islands, Unimak Island and the Pribilof islands.

Special Provisions:

- On Otter Island in the Pribilof Islands, the taking of any wildlife species for subsistence uses is prohibited.
- A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take caribou on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than four harvest limits in his/her possession at any one time.
